PREPARATION FOR IVP (Intravenous Pyelogram) X-RAY

Performed at our 880 Fifth Avenue Office
(between 69th and 70th Streets)

Appointments scheduled between 9:00 AM and 12:00 PM:

Drink 5 oz. of citrate of magnesia (over the counter at most pharmacies) at 6:00 PM the evening prior to the procedure. Have a moderate supper and nothing to eat or drink after midnight.

Appointments scheduled between 1:00 PM and 4:00 PM:

Drink 5 oz. of citrate of magnesia (over the counter at most pharmacies) at 6:00 PM the evening prior to the procedure. Have a normal dinner and a light breakfast (coffee and toast) and nothing else to eat or drink until the examination has been completed.

Revised 11/25/2007/jaf
